Chair: Camilla Webster

Camilla Webster is a museum collected artist and best-selling author. As the leading female contemporary artist in Palm Beach, Webster had her first solo museum exhibit at The Coral Springs Museum of Art in 2020 and the coffee table book of the 60 -painting survey was the number 1 best seller in Palm Beach in March 2021. Curator Bruce Helander describes Webster’s work, which is often inspired by the landscape of Palm Beach and South Florida as “narrative abstraction” with a world class sense of color. Webster has exhibited at Art Basel Miami art fairs annually, and around the country. The globally collected artist who lives in Palm Beach and has her studio at Studio 1608, just a block from the Norton Museum of Art, recently saw her painting “More in You” installed at Hudson Yards in New York in the offices of the Norwegian Central Bank. Born and raised in New York City, and in the UK, Webster has been a lifelong donor to the work of The Salvation Army.
